

JAVA PROJECT: EXPLODE-IT GAME

TEAM:

OLAF NIEDŹWIADEK

MATEUSZ KRAKOWSKI

KAMIL SIKORA

The background of the slide is a blurred photograph of several pushpins (yellow, white, blue, orange) stuck into a light-colored surface. Overlaid on the left side of the image are white, stylized circuit board traces and nodes.

DESCRIPTION

The project is a multiplayer game featuring map selection and unique characters. Players choose a map and a character, each with different statistics. The map is generated with indestructible and destructible blocks, some of which drop items that enhance characters' abilities.

The objective is to defeat the opponent by strategically placing bombs and using explosions to outmaneuver and eliminate them.

LIST OF FINISHED FEATURES:

Map Selection

Character Selection

Players Movement

Placing Bombs, Exploxiions Mechanic

Items Dropring and pick-up

Items effect on Characters

Working end-game conditions

Functional player's character statistics pannel

LIST OF UNFINISHED FEATURES

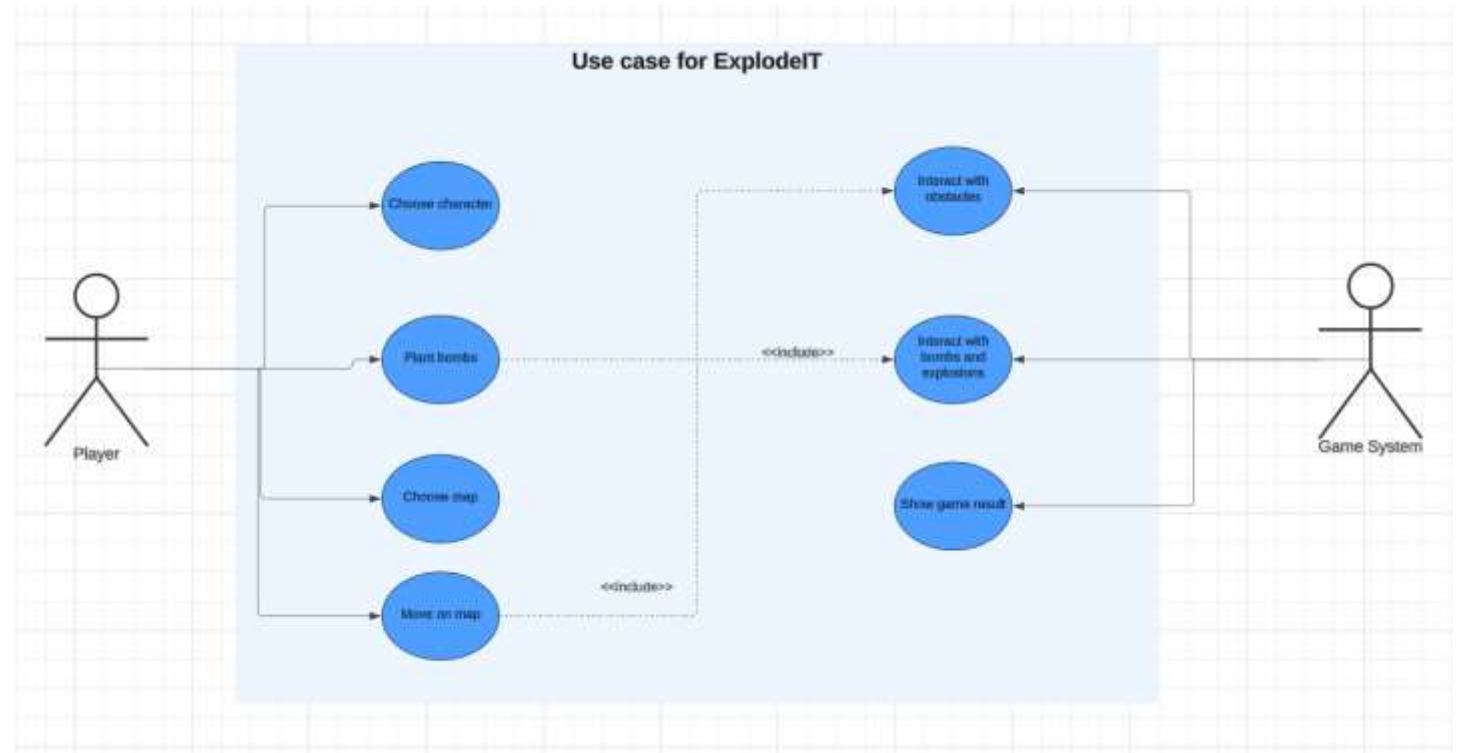

Timer

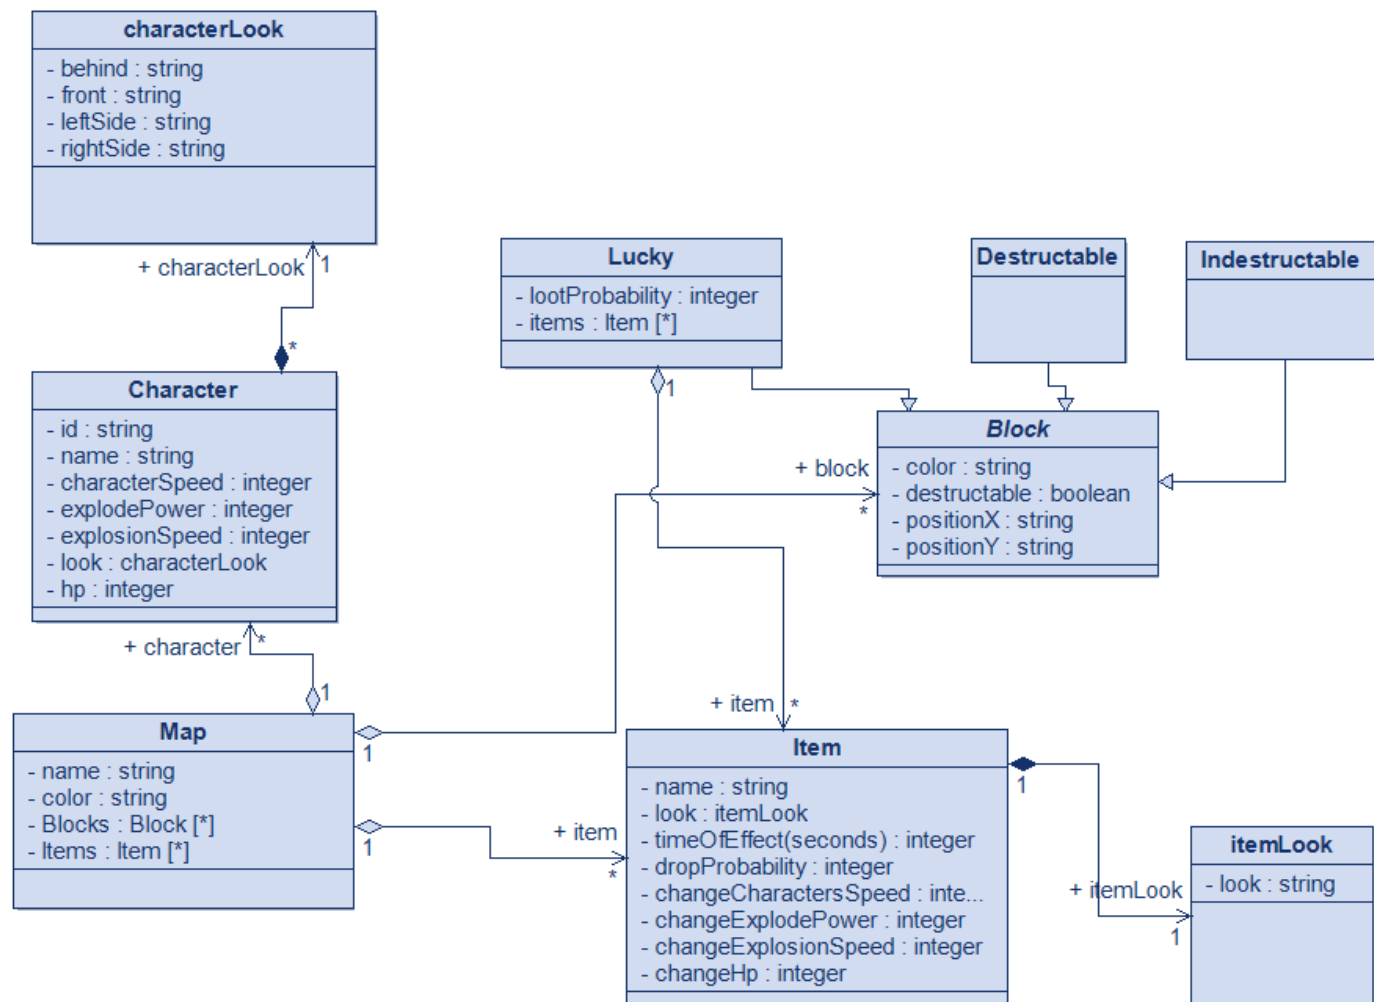

Improvement of the GUI

THE USE CASE DIAGRAM

THE CLASS DIAGRAM

SHOWCASE OF GUI

ENTRY INTERFACE WITH MAP SELECTION

Explode It Game - Map Selector

EXPLODE IT GAME

Please select your map to play the game.

IN-GAME INTERFACE

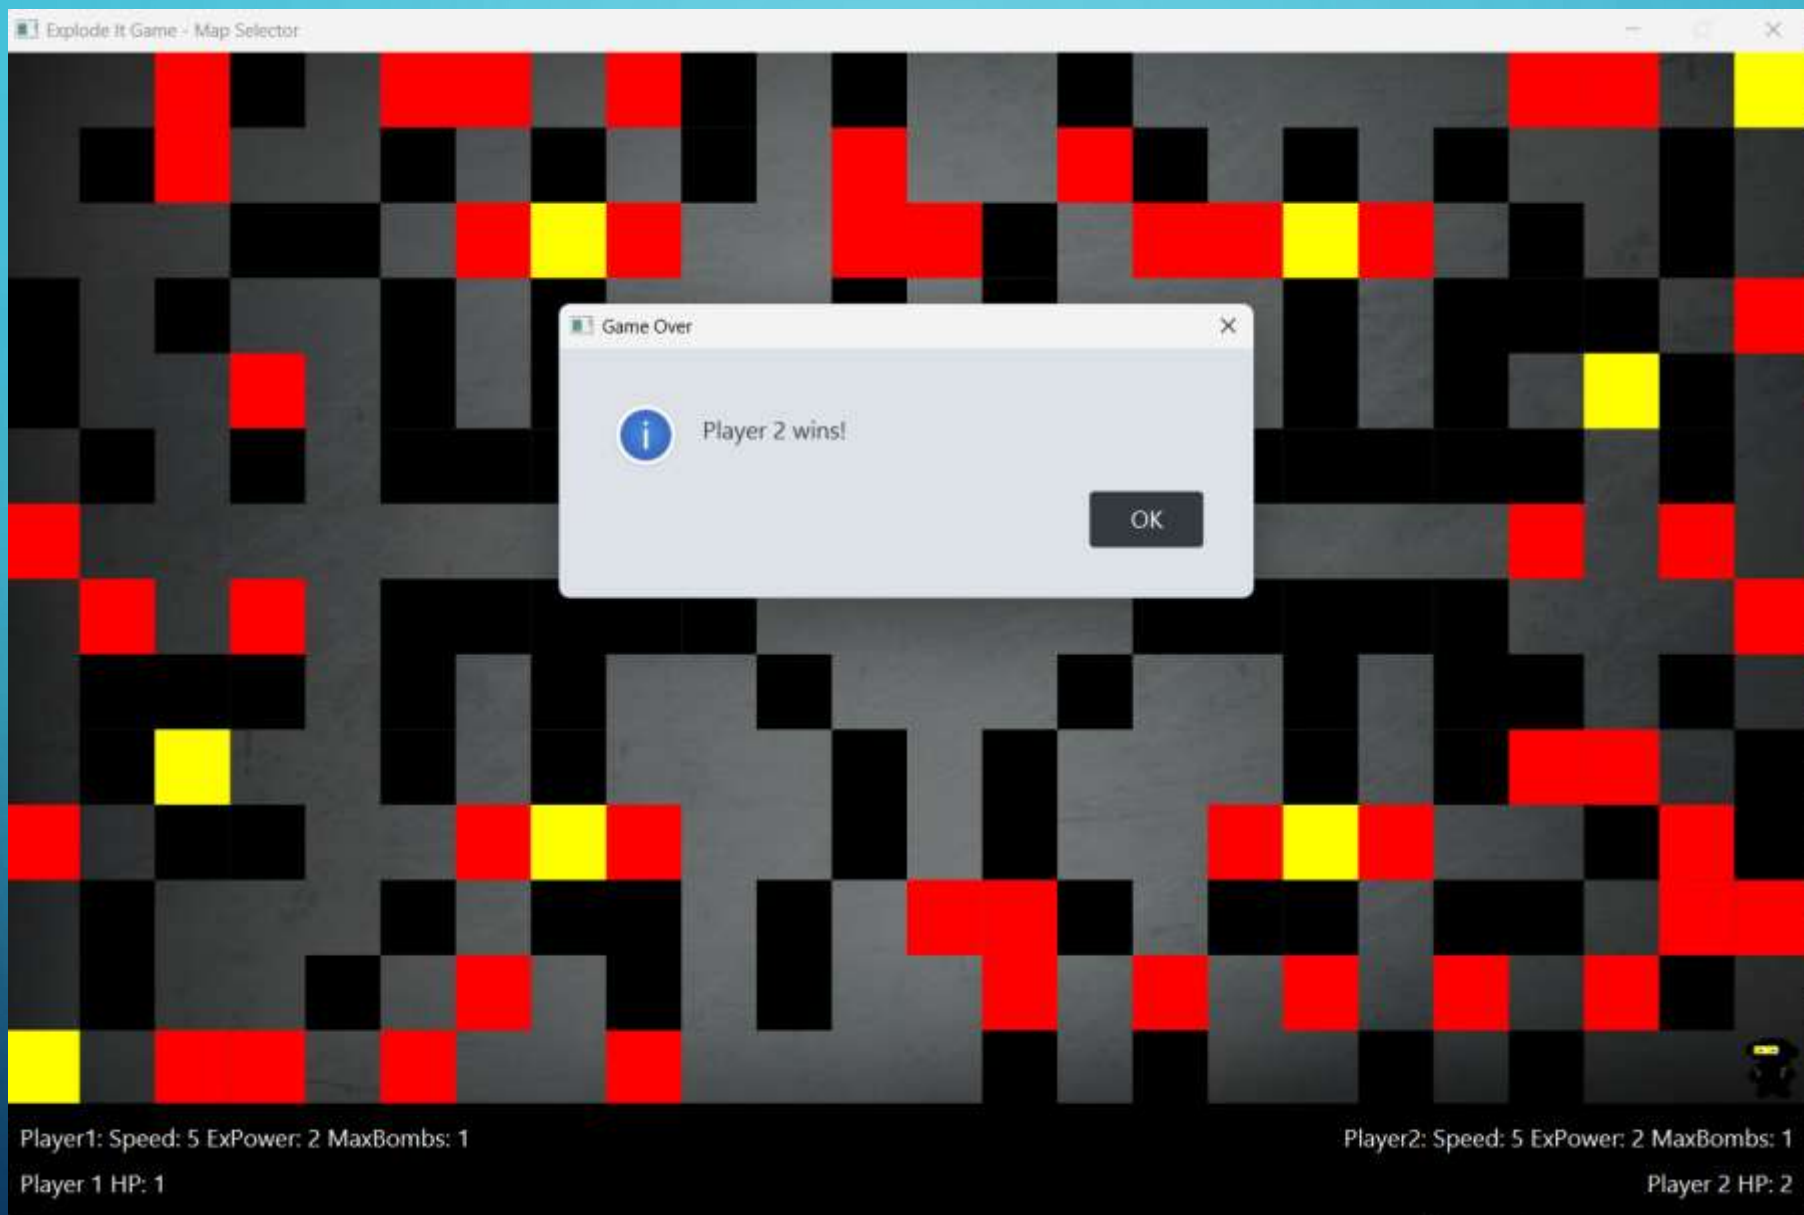

BOMB PLACEMENT AND EXPLOSION

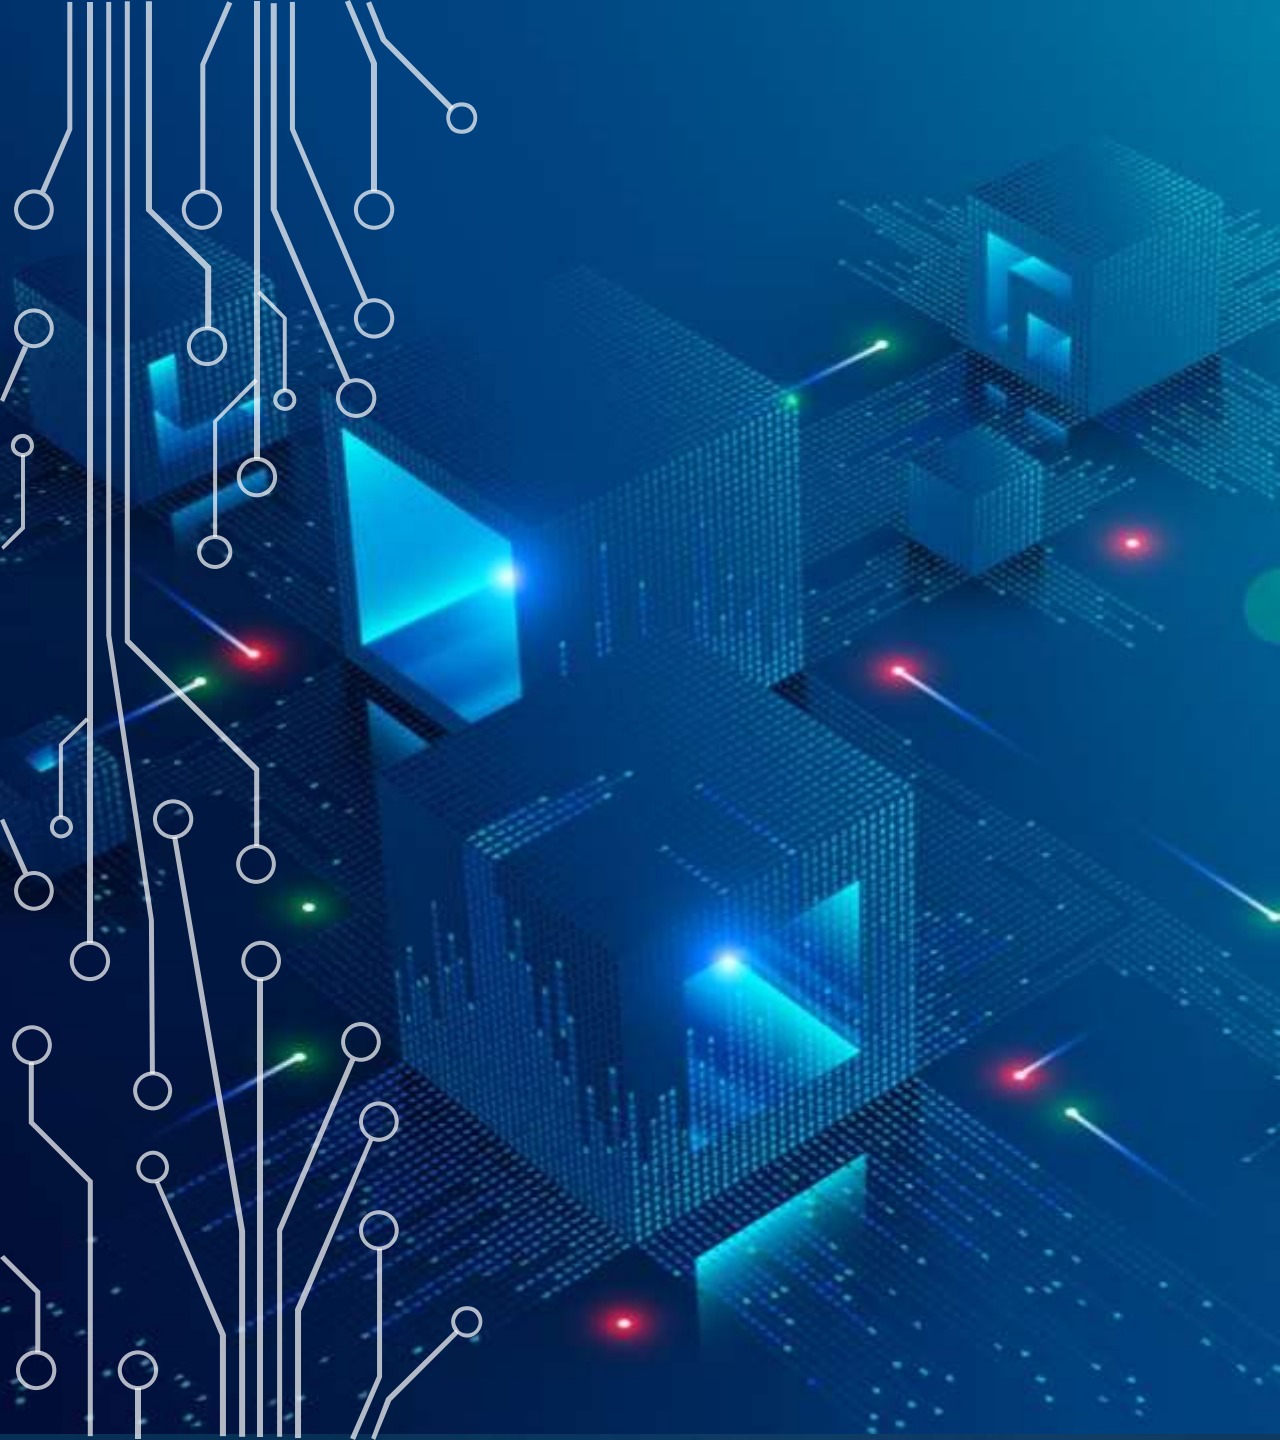

ITEM DROP

GAME ENDING

The background of the slide is a dark blue gradient. On the left side, there are white circuit-like lines with small circles at the ends, resembling a PCB layout. In the center and right, there are several 3D cubes or rectangular blocks. Some of these blocks are glowing with a bright blue light from within, while others are dark. There are also some small, glowing red and green dots scattered around the cubes, and some faint, glowing lines that look like data streams or fiber optics. The overall aesthetic is futuristic and technological.

TECHNOLOGIES USED

- **Development Environment and database hosting:** XAMPP
- **IDE:** IntelliJ IDEA
- **Version Control:** GitHub with GitHub Extensions progra
- **Database Connectivity:** JDBC

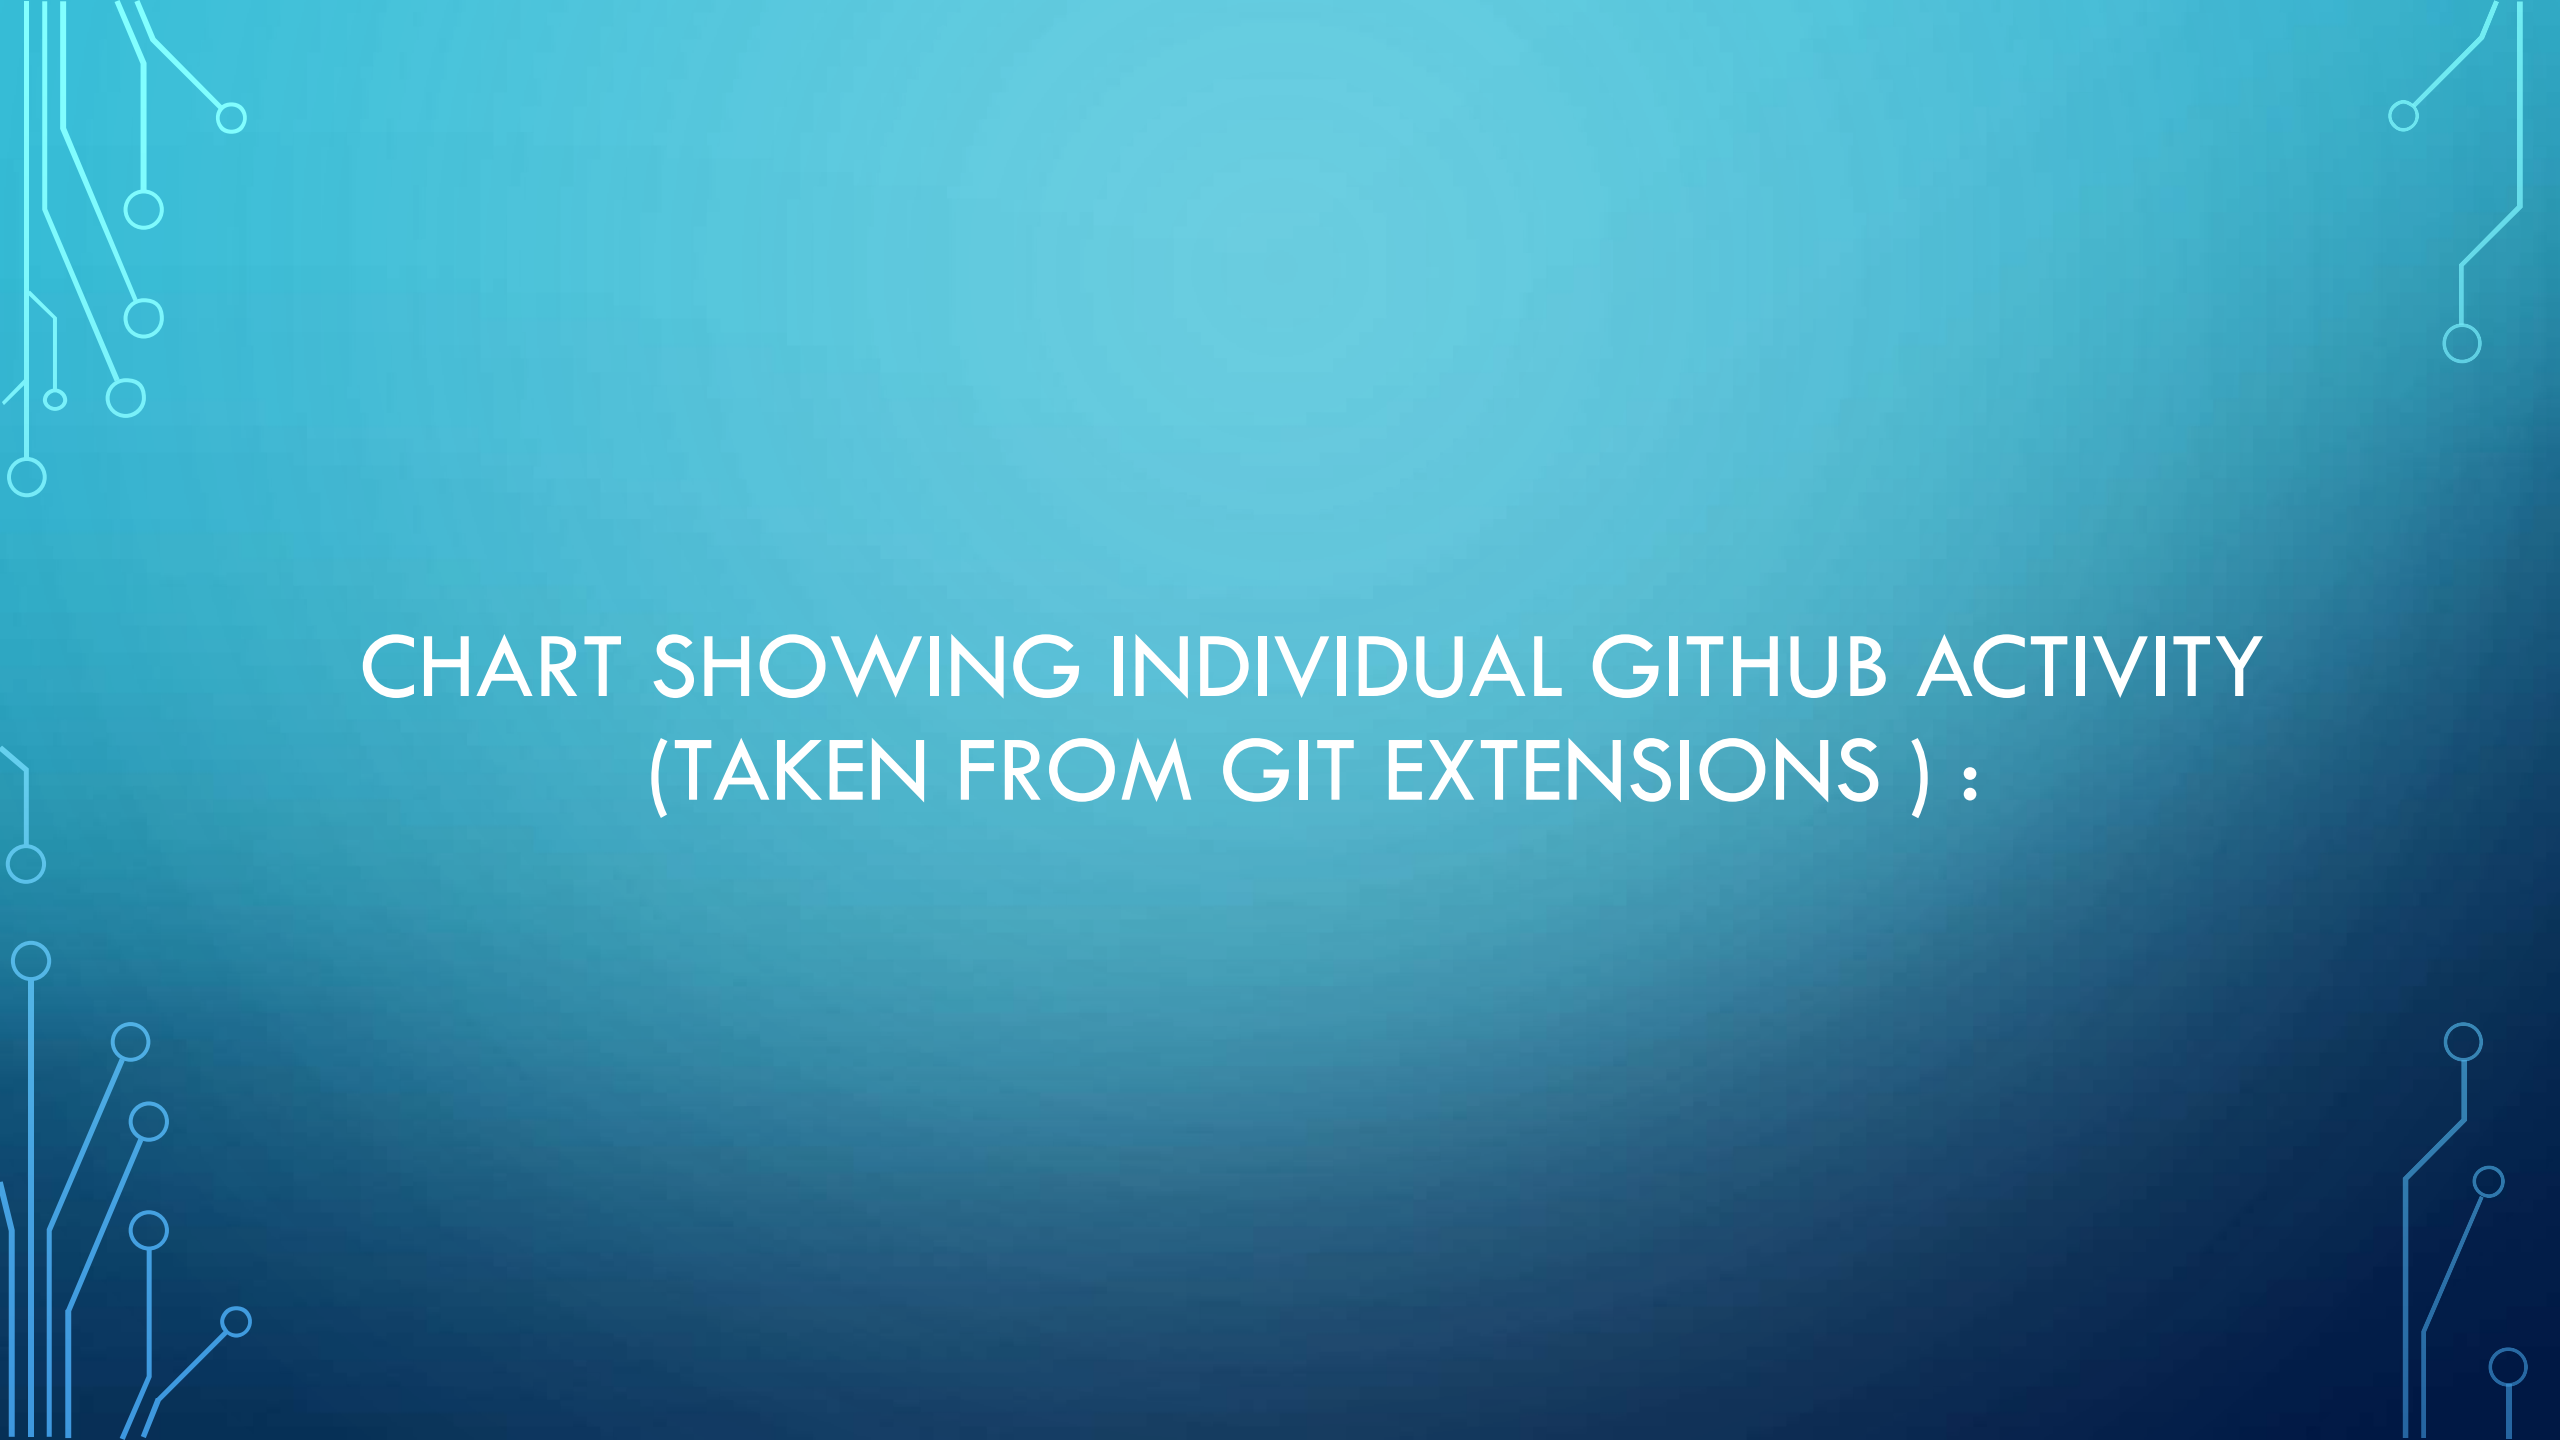

The background is a blue gradient. In the corners, there are white line-art illustrations of circuit boards or neural networks, with lines connecting to small circles.
